## New Activity Director, *Kortni Deeder*

Hello, my name is Kortni Deeder, I am a CNA and Certified Activity Director. I began my duties at Mid-Nebraska Lutheran Home in August of 2009 as a CNA and Bath Aid. In 2013 I was assigned to the position of Activity Assistant. In 2014 I began the courses for Activity Director, which I finished in December, and I started in the position in February.

I grew up in Madison, NE where I went to school at Madison Jr./Sr. High School. After graduation, I took courses at Northeast Community College in Norfolk for my CNA and EMT Certificates. I have been a CNA for 14 years and an EMT for 10 years.

*I have been a CNA  
for 14 years and an  
EMT for 10 years.*

I currently live in Newman Grove with Ryan Schulz and our three boys, Aaron (11) Giles (9) and Austin (6). The boys attend Newman Grove Schools and are active in wrestling. In my free time I enjoy spending time with my family and friends.

I am very happy to be a part of the Mid-Nebraska Lutheran Home family. I work with wonderful staff members and I love the residents that I get to spend my days with. I look forward to exploring new possibilities for the activity department.

From the outside, the design of the Mid-Nebraska Lutheran Home provides a warm welcome to visitors. The nursing home has 42 private rooms, and 18 apartments in the assisted living wing. More than 75 employees work at the assisted living and nursing home which makes us one of the largest employers in Newman Grove. Margaret "Peggy" Temme, who has lived at the nursing home in Newman Grove for nearly four years, said she enjoys having her own private room along with plenty of space. "They're really good to us here," she said. "I enjoy visiting with some of the residents and staff." Temme, who originally is from Petersburg, said she enjoys taking part in activities, such as crafts, bingo and bible studies. One of her favorites is "balloon volleyball," which is volleyball with a balloon "it's a lot of fun," she said "we like it." Churches and volunteers come in and assist at the home, boosting the number of activities or playing music. The facility also offers physical therapy, occupational therapy and speech therapy.
